

Empowering Technology, LLC

Capability Statement

Mission-Critical IT & Telecommunications for Government and Enterprise

Company Snapshot

UEI	C7F2FHDEEAR2
CAGE Code	8YTG1
Primary NAICS	517111
Certifications	SDVOSB, SBA 8(a), CMMC
Clearance	Active DoD Secret
Location	Clayton, North Carolina

Core Capabilities

- Cisco networking, routing, and switching (CCNP Voice / CCNA-certified staff)
- Cisco Unified Communications Manager (CUCM) systems
- SIP trunking and telecommunications infrastructure
- IT hardware distribution and resale
- Network infrastructure design, implementation, and modernization
- Managed IT services and technical support
- Cybersecurity and compliance support

Differentiators

- Service-Disabled Veteran-Owned Small Business (SDVOSB) and SBA 8(a)-certified — helps primes and agencies meet small business subcontracting goals
- Team experience within Cisco's Certified Network Services organization, supporting military and defense networking programs
- Active DoD Secret clearance and CMMC certification
- Execution-focused: hands-on deployment and support, not just advisory strategy

Past Performance

- Drug Enforcement Administration (DEA)
- Seymour Johnson Air Force Base
- Defense Commissary Agency (DeCA)
- USMC Parris Island
- Cisco Systems — Team experience within Cisco's Certified Network Services organization, supporting military and defense networking programs
